

1. Record Nr.	UNINA9910872477903321
Titolo	Managing complexity in software engineering // edited by R.J. Mitchell
Pubbl/distr/stampa	London : , : Peregrinus on behalf of the Institution of Electrical Engineers, , 1990
ISBN	9781849193566 1849193568
Edizione	[1st ed.]
Descrizione fisica	1 online resource (279 p.)
Collana	Professional Applications of Computing IEE computing series ; ; 17
Altri autori (Persone)	Mitchell R. J., Dr.
Disciplina	005.1
Soggetti	Computer software - Development Computer programming - Management
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.

Sommario/riassunto

This book covers complex software engineering projects, new paradigms for system development, object-orientated design and formal methods, project management and automation perspectives.
