

1. Record Nr.	UNINA9910873963903321
Titolo	ISCTT 2021 : 6th International Conference on Information Science, Computer Technology and Transportation
Pubbl/distr/stampa	Berlin, : VDE Verlag, 2022
ISBN	9783800757282 3800757281
Edizione	[Neuerscheinung]
Descrizione fisica	Online-Ressource (682 S.)
Soggetti	Information science Transportation Computer Technology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	PublicationDate: 20220209
Sommario/riassunto	Long description: ISCTT 2021 is host by AEIC Academic Exchange Information Center and North China University of Technology, is to bring together innovative academics and industrial experts in the field of Information Science, Computer Technology and Transportation to a common forum. The primary goal of the conference is to promote research and developmental activities in Information Science, Computer Technology and Transportation and another goal is to promote scientific information interchange between researchers, developers, engineers, students, and practitioners working all around the world. The conference will be held every year to make it an ideal platform for people to share views and experiences in Information Science, Computer Technology and Transportation and related areas. The conference brings together about 160 leading researchers, engineers, and scientists in the domain of interest from different countries.
