Sommario/riassunto	A dramatic look at fraud's role in our financial markets-and how you can protect yourself Fraud In the Markets reveals the critical role fraud played in the global financial crisis-even as many of the perpetrators continue to go unpunished. Shedding light on the reckless conduct of the former senior executives at major Wall Street firms such as Lehman Brothers, Bear Stearns, Merrill Lynch and others just before their collapse, this timely book shows how the culture of "anything goes" on Wall Street fueled the innovation of exotic but deadly asset-backed securities. A frank
