Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [252]-276) and index.
Nota di contenuto	Introduction : young, white, male and working class -- The rise of poor work : employment restructuring and changing class and gender identities -- The contemporary crisis of masculinity : it's hard to be (come) a man or the problem of/for boys -- Living on the edge : marginal lives in Cambridge and Sheffield -- Leaving school : pathways to employment and further education -- Actively seeking employment : committed workers and reluctant learners -- Uncertain transitions : accidental and incidental workers, the excluded and escape attempts -- Performing identity : protest and domestic masculinities -- Conclusions : what is to be done about boys?
Sommario/riassunto	Redundant Masculinities? investigates the links between the so-called 'crisis of masculinity' and contemporary changes in the labour market through the lives of young working class men. Allows the voices of

poorly-educated young men to be heard. Looks at how the labour market is changing. Emphasises the social construction of gender and racial identities. Dispels popular myths about the crisis in masculinity.
