ISBN	1-281-93878-5 9786611938789 1-118-26566-1 0-470-41366-2
Descrizione fisica	1 online resource (323 p.)
Altri autori (Persone)	LinfordLloyd
Disciplina	618.92/89
Soggetti	Developmental psychobiology Child psychiatry
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 230-279) and indexes.
Nota di contenuto	Changing and staying the same -- Temperament and neurodynamics -- Attachment and subjectivity -- Rupture and repair in caregiving relationships -- Adolescence -- Working from the BASE -- Disorders of attention and self-regulation -- Anxiety in children and adolescence -- Depression in children and adolescents.
Sommario/riassunto	Designed for mental health professionals treating children and adolescents, Brain-Based Therapy with Children and Adolescents: Evidence-Based Treatment for Everyday Practice is a simple but powerful primer for understanding and successfully implementing the most critical elements of neuroscience into an evidence-based mental health practice. Written for counselors, social workers, psychologists, and graduate students, this new treatment approach focuses on the most common disorders facing children and adolescents, taking into account the uniqueness of each client, while preserving the requirem
