Notes on Contributors

Sommario/riassunto

Philosophy and gardens have been closely connected from the dawn of philosophy, with many drawing on their beauty and peace for philosophical inspiration. Gardens in turn give rise to a broad spectrum of philosophical questions. For the green-fingered thinker, this book reflects on a whole host of fascinating philosophical themes. Gardens and philosophy present a fascinating combination of subjects, historically important, and yet scarcely covered within the realms of philosophy. Contributions come from a wide range of authors, ranging from garden writers and gardeners,
