Sommario/riassunto

The knowledge base on sexual offender treatment has become so extensive that following established paths is no longer the only way to expand understanding and improve the assessment and treatment of clients. Written by established and recognised experts, *Sexual Offender Treatment: Controversial Issues* explores only the most current, novel and controversial issues in the field of sexual offender treatment. This comprehensive text covers a wide range of issues, such as recidivism risk assessment, diagnostic problems, preparatory programs, psychopathy and online sexuality. The contributors to
