| Sommario/riassunto | This book is a compilation of the best papers presented at the 2023 edition of the Singapore Conference of Applied Psychology (SCAP), led |

by East Asia Research in Singapore in collaboration with the Singapore University of Technology and Design and Charles Sturt University in Australia. Chapters include research conducted by experts in the field of applied psychology from the Asia-Pacific region, and cover areas such as the latest innovations, trends, concerns, practical challenges encountered and the solutions adopted in the field of applied psychology such as community and environmental psychology, psychotherapy and counseling, health, child and school psychology, and gender studies. The volume will be of interest to educators, psychology researchers and practicing counselors.
