   Soggetti              Computer networks
                         Computer science
                         Computer engineering
                         Artificial intelligence
                         Computer systems
                         Computer Communication Networks
                         Computer Science
                         Computer Engineering and Networks
                         Artificial Intelligence
                         Computer System Implementation

   Lingua di pubblicazione   Inglese

   Formato               Materiale a stampa

   Livello bibliografico Monografia

   Sommario/riassunto    This eleven-volume set LNCS 14815 – 14825 constitutes the refereed workshop proceedings of the 24th International Conference on Computational Science and Its Applications, ICCSA 2024, held at Hanoi, Vietnam, during July 1–4, 2024. The 281 full papers, 17 short papers

and 2 PHD showcase papers included in this volume were carefully reviewed and selected from a total of 450 submissions. In addition, the conference consisted of 55 workshops, focusing on very topical issues of importance to science, technology and society: from new mathematical approaches for solving complex computational systems, to information and knowledge in the Internet of Things, new statistical and optimization methods, several Artificial Intelligence approaches, sustainability issues, smart cities and related technologies.
