Nota di contenuto	Inhaltsübersicht -- Die Genossenschaftsbewegung in Frankreich. Von Charles Gide (Paris) -- Die Genossenschaftsbewegung in den Vereinigten Staaten von Amerika. Von James Peter Warbasse -- Der Internationale Genossenschaftsbund. Von V. Totomianz, Prag -- Schlußwort. Von R. Wilbrandt
Sommario/riassunto	This book explores the history and development of the cooperative movement in France and the United States, highlighting its origins, challenges, and growth. It examines the early attempts in France, notably in Lyon, and contrasts them with the successful Rochdale Pioneers, marking a significant shift in cooperative practices. The authors, Charles Gide and James Peter Warbasse, delve into the socio-political factors influencing the movement, such as the skepticism from the working class and the impact of World War I. The cooperative movement's expansion during wartime and its subsequent challenges are discussed, providing insights into its economic and social

implications. The book is intended for scholars and readers interested in economic history and social movements.
