München -- I. Einleitung und allgemeines über das Münchener Hausiergewerbe -- II. Der Wirtshaushausierhandel in München -- 1. Die Besonderheiten des Wirtshaushausierhandels -- 2. Die persönlichen Verhältnisse der Hausierer

Sommario/riassunto

The book 'Über die Lage des in Deutschland' is a comprehensive study documenting the conditions and challenges of itinerant tradespeople in Germany at the turn of the 20th century. It is part of a larger series by the Verein für Socialpolitik, which aims to provide a detailed overview of economic and social conditions in Germany. The text includes reports and observations from various regions, such as Berlin, Munich, and Baden, highlighting the socioeconomic status, working conditions, and regulations affecting peddlers and small traders. The author collaborates with multiple experts and officials to compile these accounts, which are designed to inform and potentially influence social policy. The book is intended for policymakers, economists, and scholars interested in social and economic history.

; I: Language, logos, and rhythm. "The House of Being" : poetry, language, place / Jeff Malpas -- Heidegger and Trakl : language speaks in the poet's poem / Markus Wild -- Towards a hermeneutic interpretation of greeting and destiny in Heidegger's thinking / Diego

D'Angelo -- Later Heidegger's naturalism / Tristan Moyle -- ; II: Heidegger's physics. Why is Heidegger interested in physis? / Thomas Buchheim -- Being as physis : the belonging together of movement and rest in the Greek experience of physis / Guang Yang -- The end of philosophy and the experience of unending physis / Claudia Baracchi -- Thinking at the first beginning : Heidegger's interpretation of the early Greek physis / Damir Barbaric -- ; III: Phenomenology, the thing, and the fourfold. Tautophasis : Heidegger and Parmenides / Gunter Figal -- Radical contextuality in Heidegger's postmetaphysics : the singularity of being and the fourfold / Jussi Backman -- The phenomenon of shining / Nikola Mirkovic -- A brief history of things : Heidegger and the tradition / Andrew J. Mitchell -- ; IV: Ground, non-ground, and abyss. Heidegger, Leibniz, and the abyss of reason / Hans Ruin -- Ground, abyss, and the primordial ground : Heidegger in the wake of Schelling / Sylvaine Gourdain -- Erklüftung : Heidegger's thinking of projection in Contributions to Philosophy / Tobias Keiling.

Sommario/riassunto

"If one takes Heidegger at his word then his philosophy is about pursuing different "paths" of thought rather than defining a single set of truths. This volume gathers the work of an international group of scholars to present a range of ways in which Heidegger can be read and a diversity of styles in which his thought can be continued. Despite their many approaches to Heidegger, their hermeneutic orientation brings these scholars together. The essays span themes from the ontic to the ontological, from the specific to the speculative. While the volume does not aim to present a comprehensive interpretation of Heidegger's later thought, it covers much of the terrain of his later thinking and presents new directions for how Heidegger should and should not be read today. Scholars of Heidegger's later thought will find rich and original readings that expand considerations of Heidegger's entire oeuvre."-- Back cover.
