Descrizione fisica	1 online resource (347 pages)
Collana	Maker Innovations Series, , 2948-2550
Disciplina	688.725
Soggetti	Makerspaces Maker
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Sommario/riassunto	While most see LEGO as a toy, in reality it is much more than just that; it is a way to build a world from the brick up. Although LEGO might have playsets, it is the LEGO enthusiasts that can really make miniature worlds of wonder. This book is for those that want to create something massive and learn how to replicate the real (or imagined) world in LEGO. You'll start with an introductory view of LEGO and review a collection of projects that can be built with a small budget. You'll then decide what to build so the dream can be given form and apply the techniques used to create something that can stand strong. Once the basic model is built, instructions are given on how to bring it to life with details. Ultimate LEGO Worldbuilding and Architecture will allow Lego enthusiasts and amateurs to take their dreams, whatever they may be, and bring them to life in the easiest and most cost-effective way. What You'll Learn Grasp LEGO basics Create your instructions for big builds Construct a solid architectural foundation Build expediently on a budget.
