

1. Record Nr.	UNINA9910899900003321
Titolo	Consultative Hemostasis and Thrombosis // Editors, Craig S. Kitchens, Craig M. Kessler, Barbara A. Konkle, David A. Garcia
Pubbl/distr/stampa	Philadelphia, PA : , : Elsevier, , 2018, ©2019
ISBN	0-323-47785-2
Edizione	[Fourth ed.]
Descrizione fisica	1 online resource (xvi, 869 pages : color illustrations
Collana	ClinicalKey
Soggetti	Blood coagulation disorders Anticoagulants (Medicine) Blood platelet disorders Fibrinolytic agents Hemostasis - Physiological aspects Thrombosis - Pathophysiology Blood Coagulation Disorders Thrombosis - pathology Blood Platelet Disorders Hemostasis - physiology Fibrinolytic Agents - therapeutic use Anticoagulants - therapeutic use
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Revised edition of: Consultative hemostasis and thrombosis / Editors, Craig S. Kitchens, Craig M. Kessler, Barbara A. Konkle. 3rd ed. ©2013.
Nota di bibliografia	Includes bibliographical references
Nota di contenuto	Part 1: Hemorrhagic processes. Consultative process -- An approach to the bleeding patient: correlation of clinical symptoms and signs with laboratory testing -- Hemophilia A and B -- Less common congenital disorders of hemostasis -- Acquired coagulation disorders due to inhibitors -- von Willebrand disease -- General aspects of thrombocytopenia, platelet transfusions, and thrombopoietic growth factors -- Primary immune thrombocytopenia -- Congenital and acquired disorders of platelet function and number -- Purpura and other hematovascular disorders -- HHT -- Disseminated intravascular coagulation -- The cross-talk of inflammation and coagulation in

infectious disease and their roles in disseminated intravascular coagulation -- Part 2: Thrombotic processes. Thrombophilia: clinical and laboratory assessment and management -- Pediatric aspects of thrombophilia -- Deep vein thrombosis, pulmonary embolism and primary pulmonary hypertension -- Venous thromboses at unusual sites -- The post thrombotic syndrome -- Thrombocytosis: essential thrombocytemia and reactive causes -- Antiphospholipid syndrome -- Antiplatelet treatment in cardiovascular medicine -- Non-arteriosclerotic arterial occlusive disease -- Thrombosis and cancer -- Thrombotic thrombocytopenic purpura -- Hemostatic disorders of complement activation (PNH and aHUS) -- Heparin-induced thrombocytopenia -- Part 3: Therapeutic agents. Antithrombotic agents -- Blood component and pharmacological agents -- Therapeutic apheresis: applications for hemorrhagic & thrombotic disorders -- Vena caval filters -- Part 4: Issues specific to women. Thrombotic risk of contraceptives and other hormonal therapies -- Bleeding and the management of hemorrhagic disorders in pregnancy -- Thrombophilia in pregnancy -- Part 5: Special issues. Surgery and hemostasis -- Anticoagulation in the perioperative period -- Understanding and managing the coagulopathy of liver disease -- Outpatient anticoagulant therapy -- Hematologic interventions for acute central nervous system disease -- Pending: atrial septal abnormalities and cryptogenic stroke -- Hemorrhage control and thrombosis following severe injury -- Hemostatic aspects of sickle cell disease

Sommario/riassunto

"With authoritative coverage of rare and common hemostatic disorders, Consultative Hemostasis and Thrombosis, 4th Edition, keeps you both up to date with all that's new in this fast-moving field as well as reviewing background and development and citing pertinent classical literature. Broad differential diagnoses are provided, underscoring the editors' position that correct treatment begins with correct diagnosis"-- Publisher's description.
