| Sommario/riassunto | China's path to political reform over the last three decades has been slow, but discourse among Chinese political scientists continues to be vigorous and forward thinking. China's Political Development offers a unique look into the country's evolving political process by combining |

chapters authored by twelve prominent Chinese political scientists with an extensive commentary on each chapter by an American scholar of the Chinese political system. Each chapter focuses on a major aspect of the development of the Chinese Party-state, encompassing the changing relations among its constituent parts
