

1. Record Nr.	UNINA9910907195203321
Autore	Sivertsen Gunnar
Titolo	Challenges in Research Policy : Evidence-Based Policy Briefs with Recommendations // edited by Gunnar Sivertsen, Liv Langfeldt
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Springer, , 2025
ISBN	9783031695803 3031695801
Edizione	[1st ed. 2025.]
Descrizione fisica	1 online resource (115 pages)
Collana	SpringerBriefs in Political Science, , 2191-5474
Altri autori (Persone)	LangfeldtLiv
Disciplina	320.4
Soggetti	Research - Finance
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Chapter 1. Introduction -- Part I: Notions of Research Quality and Evaluation of Research -- Chapter 2. Identifying and Facilitating High Quality Research -- Chapter 3. Evaluating Transdisciplinary Research Quality -- Chapter 4. Evaluating and Improving the Societal Impact of Research -- Chapter 5. The Many Dilemmas of Grant Peer Review -- Chapter 6. How Citations Relate to Research Quality -- Chapter 7. The Ongoing Reform of Research Assessment -- Chapter 8. The Use of Metrics in Academic Recruitment -- Part II: Research Funding and Governance -- Chapter 9. Quality Criteria and Concentration of Research Funding -- Chapter 10. Balancing Basic and External Research Funding: a Comparative Analysis -- Chapter 11. Designing Performance-based Research Funding Systems -- Chapter 12. The Limits of Universities' Strategic Capacity for Steering Research -- Chapter 13. The Consequences of Paying to Publish.
Sommario/riassunto	This open access volume addresses major challenges in research policy and provides advice on how to approach them. With chapters designed as accessible policy briefs, the book serves as an essential resource for new actors in research policy. It offers evidence-based recommendations on approaching research governance, funding, and evaluation challenges by covering these topics: Identifying and facilitating high quality research Evaluating transdisciplinary research quality Evaluating societal impact The dilemmas of grant peer review How citations relate to research quality Reforming research assessment

The use of metrics in academic recruitment Quality criteria and concentration of research funding Balancing basic and external research funding Designing performance-based research funding systems Strategic steering of research at universities The consequences of paying to publish Each chapter combines research with practical advice and provides an overview of the state-of-the-art in research on the specific topic, as well as references for further reading.
