INFLUENCE ON THEORY AND POLICY; REFLECTIONS ON ECONOMIC
IDEAS AND GOVERNMENT POLICY: 1939 AND AFTER; Index

Sommario/riassunto

This volume collects together Sir Alec Cairncross' most important contributions to the economic history of the post-1939 period. They address such major issues as the role of economists in the 2nd World War, the significance of the Marshall plan and Britain's relative economic decline. Together they demonstrate a keen insight into the changing role of the economist in government and the gradual transformation of the economic landscape.
