Sommario/riassunto	This book, authored by Deanna M. Adams, explores the intersection of criminal justice and mental health, focusing on advancing equity for individuals impacted by these systems. It addresses the complexities faced by people who belong to both marginalized racial groups and those with mental health issues within the justice system. The text offers insights into the roles of prosecutors and defense attorneys in

advocating for equitable justice outcomes. It also provides practical tools and ethical pathways for legal professionals to support fairness and justice for diverse populations. The book is aimed at legal practitioners, policymakers, and scholars interested in advancing legal reforms and improving outcomes for those affected by mental illness and systemic racial disparities.
