| Sommario/riassunto      | The Lady Gardeners are those women who, from the eighteenth century to the present day, have been working in a garden, from imagining and                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |

creating it, to sowing, planting, pruning, painting and photographing plants, and moving from garden design to more urgent themes such as landscape conservation and environmental issues.
