Sommario/riassunto	This book by Christian Mühling explores the concept of 'religious war' during the era of Louis XIV in Europe, specifically between 1679 and 1714. It examines how the term 'religious war' gained prominence in political discourse, particularly influenced by the propaganda of Louis XIV and his adversaries. The study delves into the historical context and debates that shaped the understanding and memory of religious conflicts in early modern Europe. The author, a historian with expertise in modern and contemporary history, uses this examination to highlight the evolving political and cultural narratives surrounding religious wars during this period, offering insights into their historical significance.
