

1. Record Nr.	UNISA990005746100203316
Autore	THIREAU, Jean Louis
Titolo	Charles du Moulin (1500-1566) : etude sur les sources, la méthode, les idées politiques et économiques d'un juriste de la Reinassance / Jean-Louis Thireau
Pubbl/distr/stampa	Genève : Droz, 1980
Descrizione fisica	459 p. : 1 c. di tav. ; 26 cm.
Collana	Travaux d'Humanisme et Renaissance ; 176
Disciplina	340.1
Soggetti	Du_Moulin, Charles - Filosofia politica
Collocazione	CC 340.1 THI
Lingua di pubblicazione	Francese
Formato	Materiale a stampa
Livello bibliografico	Monografia

2. Record Nr.	UNINA9910917177903321
Autore	Bähr HermannAltamimi, ZuheirHeck, Bernhard
Titolo	Variance Component Estimation for Combination of Terrestrial Reference Frames
Pubbl/distr/stampa	KIT Scientific Publishing, 2007
ISBN	1000007363
Descrizione fisica	1 online resource (IX, 69 p. p.)
Collana	Schriftenreihe des Studiengangs Geodäsie und Geoinformatik / Universität Karlsruhe (TH), Studiengang Geodäsie und Geoinformatik
Soggetti	Physics
Lingua di pubblicazione	Tedesco
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Combining Terrestrial Reference Frames (TRFs) to frames of superior quality (like the ITRF) usually involves homogenisation by an empirical weighting scheme. Different approaches on variance component estimation have been evaluated for this purpose. The statistically rigorous Helmert estimator has been compared with two other methods: the degree of freedom method and a simplified, approximate estimator. Tests have been performed, covering two elementary types of combinations.
