Sommario/riassunto	Dermal fillers are the fastest growing tools in the cosmetic physician's armamentarium for refreshing the appearance of patients. This book demonstrates effective, best-practice use for superb patient results.

Augmented by a DVD of procedural videos, it shows you how to match patient, treatment, and filler for maximum results. Taking a patient-centered approach, Dr. Jones reviews the advantages and disadvantages of each filler according to anatomical application. Opening chapters cover the cosmetic patient consultation and guidelines for local anaesthesia in the use of injectable fillers, fo

Sommario/riassunto

This Encyclopedia provides a comprehensive map of the field of sexuality education. It offers an entry point for those interested in this topic, providing a robust summary of issues and directing them to its best scholarship. Comprehensive in scope, it covers diverse global locations to highlight the significance of context when defining sexuality education. The rapid development and increase in accessibility of digital technologies, which has broadened sexuality education to include digital and media platforms, is also reflected.
