	ISBN	9789819993925 9789819993918
	Edizione	[1st ed. 2024.]
	Descrizione fisica	1 online resource (217 pages)
	Altri autori (Persone)	CaoHui
	Disciplina	616.99433
	Soggetti	Surgery General Surgery
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Nota di contenuto	Part 1 Surgical Management of Gastrointestinal Stromal Tumors -- 1. Laparoscopic Management of Gastrointestinal Stromal Tumors -- 2. Laparoscopic Combined with Endoscopic Management of Gastrointestinal Stromal Tumors -- 3. Da Vinci Robotic Management of

Gastrointestinal Stromal Tumors -- 4. Endoscopic Management of Gastrointestinal Stromal Tumors -- Part 2 Preoperative Treatment of Gastrointestinal Stromal Tumors -- 5. Rectal Gastrointestinal Stromal Tumors with Preoperative Treatment -- 6. Giant Abdominal Gastrointestinal Stromal Tumors with Preoperative Treatment -- 7. Preoperative Treatment of Duodenal Gastrointestinal Stromal Tumors -- 8. Avapritinib Therapy for Preoperative Treatment of Gastrointestinal Stromal Tumors with PDGFRA Mutation -- 9. Preoperative Treatment of Rectal-Vaginal Septum Gastrointestinal Stromal Tumors -- Part 3 Uncommon Pathological Types of Gastrointestinal Stromal Tumors -- 10. Small Hypermitotic Gastrointestinal Stromal Tumors.-11. Mitotic Extremely High Gastrointestinal Stromal Tumors -- 12. Neurofibromatosis Type 1 Associated Gastrointestinal Stromal Tumors -- 13. Succinate Dehydrogenase Deficient GIST -- 14. KIT Mutant Gastrointestinal Stromal Tumors with Lymphatic Metastasis -- 15. Gastrointestinal Stromal Tumors with PDGFRA Exon 18 D842V Mutation -- 16. Multiple Gastrointestinal Stromal Tumors -- 17. Hereditary Gastrointestinal Stromal Tumors -- Part 4 Gastrointestinal Stromal Tumors with Other Malignant Tumors -- 18. Intermediate-Risk Gastrointestinal Stromal Tumors with Advanced Gastric Cancer -- 19. Gastrointestinal Stromal Tumors with Kidney Cancer -- Part 5 Targeted Therapy for Gastrointestinal Stromal Tumors -- 20. Gastrointestinal Stromal Tumors Progression during Adjuvant Therapy -- 21. Gastrointestinal Stromal Tumors Recurrence after Stopping Adjuvant Therapy -- 22. Low Risk Rectal Gastrointestinal Stromal Tumors Recurrence 12 years after Surgery -- 23. Surgery Combined with Targeted Therapy in Advanced Gastrointestinal Stromal Tumors -- 24. Avapritinib Therapy in Advanced Gastrointestinal Stromal Tumors with PDGFRA Mutation -- 25. Therapy for Advanced Gastrointestinal Stromal Tumors -- 26. Management of Targeted Drug Adverse Reaction -- Part 6 Management of Patients with Special Gastrointestinal Stromal Tumors -- 27. Senile Gastrointestinal Stromal Tumors with Coronary Heart Disease -- 28. Gastric Gastrointestinal Stromal Tumors with Gastroparesis after Surgery -- 29. Gastrointestinal Stromal Tumors with Brain Metastases -- 30. Gastrointestinal Stromal Tumors with Giant Liver Metastases -- Part 7 Management of Misdiagnosed Gastrointestinal Stromal Tumors -- 31. Small Intestine Gastrointestinal Stromal Tumors Misdiagnosed as Gynecological Tumors -- 32. Castleman Disease Misdiagnosed as Gastrointestinal Stromal Tumors -- 33. Other Primary Malignant Tumors Misdiagnosed as Recurrent Gastrointestinal Stromal Tumors.

Sommario/riassunto

The case-based book provides an up-to-date overview of clinical management of gastrointestinal stromal tumors (GISTs). Firstly, surgical management of GISTs by laparoscope, endoscope, robot, and laparoscope combined endoscope is introduced. Following chapters discuss preoperative treatment of GISTs and management of uncommon types of GISTs in different sites. Then targeted therapy for GISTs and authors' exploration in therapy for advanced GISTs is presented. Last but not least, management of GISTs misdiagnosed is elucidated. With typical cases and detailed analysis, this book is a useful reference for gastrointestinal and general surgeons, as well as practitioners who are interested in this challenging malignancy.
