Sommario/riassunto

Women and Poverty analyzes the social and structural factors that contribute to, and legitimize, class inequity and women's poverty. In doing so, the book provides a unique documentation of women's experiences of poverty and classism at the individual and interpersonal levels. Provides readers with a critical analysis of the social and structural factors that contribute to women's poverty Uses a multidisciplinary approach to bring together new research and theory from social psychology, policy studies, and critical and feminist scholarship Do

| Sommario/riassunto      | Die vielbeschworene "Krise der Representation" geht einher mit populistischen Tendenzen, die das Versagen des Repräsentationsmodells anprangern und sich zugleich zunutze machen wollen. Individuelle Selbst- und repräsentative Mitbestimmung, die gemeinsam die Freiheitsorganisation des modernen Verfassungsstaats konstituieren, scheinen in einen selbstzerstörerischen Gegensatz zu treten. Der Grund ist aber weniger in der Betonung des Rechtsschutzes der individuellen Selbstbestimmung als in einer verbreiteten Fehlvorstellung vom Wesen der Representation zu sehen. Representation verlangt als "Gesamtrepresentation" nach wie vor, dass die politische Entscheidung der Repräsentanten des Volkes sich am allgemeinen Interesse des Gemeinwohls orientiert. |
