Sommario/riassunto	The appearance of David R. Slavitt's translation of Orlando Furioso ("Mad Orlando"), one of the great literary achievements of the Italian Renaissance, is a publishing event. With this lively new verse translation, Slavitt introduces readers to Ariosto's now neglected masterpiece - a poem whose impact on Western literature can scarcely be exaggerated. Slavitt's translation captures the energy, comedy, and great fun of Ariosto's Italian.

Sommario/riassunto

This book explores the ways that institutions play a role - or fail to - in Japanese and American approaches to regional governance in East Asia. It uses recent studies on the logic and dynamics of institutions to determine the logic of order within the East Asia region. The central focus is on bilateral and multilateral regional institutions.
