Autore	Forster Paul <1957->
Titolo	Peirce and the threat of nominalism / / Paul Forster
Pubbl/distr/stampa	Cambridge : , : Cambridge University Press, , 2011
ISBN	1-107-21304-5 1-139-06303-0 1-283-11230-2 1-139-07525-X 9786613112309 1-139-08207-8 1-139-07980-8 1-139-07751-1 0-511-92122-5 1-139-06948-9
Descrizione fisica	1 online resource (xii, 259 pages) : digital, PDF file(s)
Classificazione	PHI016000
Disciplina	191
Soggetti	Nominalism
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 05 Oct 2015).
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	1. Nominalism as demonic doctrine -- 2. Logic, philosophy and the special sciences -- 3. Continuity and the problem of universals -- 4. Continuity and meaning: Peirce's pragmatic maxim -- 5. Logical foundations of Peirce's pragmatic maxim -- 6. Experience and its role in inquiry -- 7. Inquiry as self-corrective -- 8. Theories of truth: Peirce versus the nominalists -- 9. Order from chaos: Peirce's evolutionary cosmology -- 10. A universe of chance: foundations of Peirce's indeterminism -- 11. From inquiry to ethics: the pursuit of truth as moral ideal.
Sommario/riassunto	Charles Peirce, the founder of pragmatism, was a thinker of extraordinary depth and range - he wrote on philosophy, mathematics, psychology, physics, logic, phenomenology, semiotics, religion and ethics - but his writings are difficult and fragmentary. This book provides a clear and comprehensive explanation of Peirce's thought.

His philosophy is presented as a systematic response to 'nominalism', the philosophy which he most despised and which he regarded as the underpinning of the dominant philosophical worldview of his time. The book explains Peirce's challenge to nominalism as a theory of meaning and shows its implications for his views of knowledge, truth, the nature of reality, and ethics. It will be essential reading both for Peirce scholars and for those new to his work.
