Nota di bibliografia	Includes bibliographical references (p. 50-52).
Nota di contenuto	The prerequisites -- Learning basic techniques -- Teaching tips -- Avoiding roadblocks -- Adding complex techniques -- Using role models -- Exploring the environment -- Viewing the long-term perspective.
Sommario/riassunto	Robert J. Sternberg and Wendy M. Williams share 25 easy-to-implement strategies for developing creativity in yourself, your students, and your colleagues. The strategies include explanations entwined with personal experiences from the authors' own classrooms and research. Sternberg and Williams give a basic explanation of creativity and relate techniques you can use to choose creative environments, expose students to creative role models, and identify and surmount obstacles to creativity. Some of the techniques they explore include questioning assumptions, encouraging idea generation, teaching self-responsibility, and using profiles of creative people. Note: This product listing is for the Adobe Acrobat (PDF) version of the book.
