

1. Record Nr.	UNINA9910798464503321
Autore	Epstein Jonathan I.
Titolo	Biopsy interpretation of the bladder // Jonathan I. Epstein, Victor E. Reuter, Mahul B. Amin
Pubbl/distr/stampa	Philadelphia : , : Wolters Kluwer, , [2017]
ISBN	1-4963-3451-5
Edizione	[Third edition.]
Descrizione fisica	1 online resource (ix, 389 pages) : illustrations (chiefly color)
Collana	Biopsy interpretation series
Classificazione	MED067000
Disciplina	616.99/462
Soggetti	Urinary Bladder Neoplasms - pathology Urinary Bladder - pathology Bladder - Tumors - Cytodiagnosis Bladder - Needle biopsy Bladder - Diseases - Cytodiagnosis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Normal bladder anatomy and variants of normal histology -- Flat urothelial lesions -- Papillary urothelial neoplasms and their precursors -- Urothelial neoplasms with inverted growth patterns -- Invasive urothelial carcinoma -- Histologic variants of urothelial carcinoma -- Conventional morphologic, prognostic, and predictive factors and reporting of bladder cancer -- Glandular lesions -- Squamous lesions -- Cystitis -- Mesenchymal tumors and tumor-like lesions -- Miscellaneous non-tumors & tumors -- Secondary tumors of the bladder -- Urinary tract cytopathology.
Sommario/riassunto	"Part of the highly regarded Biopsy Interpretation Series, Biopsy Interpretation of the Bladder, 4th Edition, provides practical, highly illustrated information on the diagnosis and prognosis of the full range of biopsies of the urothelial tract. Practical, well-organized, and highly readable, this fully revised volume by Drs. Jonathan I. Epstein, Victor E. Reuter, and Mahul B. Amin addresses both common and unusual issues that arise in the day-to-day interpretation of bladder biopsies, teaching the best diagnostic practices as well as how to avoid the most common pitfalls. Helps you accurately identify all lesions, tumors, and tumor-like lesions for the bladder-from normal anatomy and histology to a

wide range of both common and unusual findings Frames each diagnosis in its most common clinical context, explaining how the pathology can be used to make key clinical management decisions Presents key differential features of tumors, organized according to diagnostic category Features high-quality photomicrographs and illustrations throughout, including updated images both in print and online-nearly 500 images in all Provides access to interactive questions and answers online for self-assessment and review Incorporates the latest World Health Organization and Genitourinary Pathology Society (GUPS) classifications Enrich Your eBook Reading Experience Read directly on your preferred device(s), such as computer, tablet, or smartphone. Easily convert to audiobook, powering your content with natural language text-to-speech. "--

Sommario/riassunto	<p>This paper focuses on the Strategy for Accelerated Growth and Sustainable Development (SCADD) for Burkina Faso. It provides an overview of a decade of development, takes stock of the recent performance of Burkina Faso in various areas, and identifies the main challenges. The paper spells out a direction for the SCADD for 2011–15, by ensuring that its vision is based on sector priorities to achieve set objectives. The risks that could impede the success of the development scheme desired by the government are also discussed.</p>
