

1. Record Nr.	UNINA9911020080603321
Titolo	Ciba Foundation symposium on the kidney // arranged jointly with the Renal Association ; editor for the Renal Association, A.A.G. Lewis ; editor for the Ciba Foundation, G.E.W. Wolstenholme, assisted by Joan Etherington
Pubbl/distr/stampa	London, : J. & A. Churchill, 1954
ISBN	9780470715192 0470715197 9780470714881 0470714883
Descrizione fisica	1 online resource (362 p.)
Collana	Ciba Foundation symposium
Altri autori (Persone)	Lewis A. A. G WolstenholmeG. E. W (Gordon Ethelbert Ward) EtheringtonJoan
Disciplina	616.6/1
Soggetti	Kidneys - Diseases Kidneys
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	pt. 1. Structural and functional relationships in the kidney -- pt. 2. Tubular functions other than the regulation of acid-base balance -- pt. 3. Renal share in the regulations of acid-base balance -- pt. 4. General problems of electrolyte excretion -- pt. 5. Renal share in volume control of body fluid.
Sommario/riassunto	The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia, in which groups of leading scientists from a range of topics across biology, chemistry and medicine assembled to present papers and discuss results. The Novartis Foundation, originally known as the Ciba Foundation, is well known to scientists and clinicians around the world.

2. Record Nr.	UNINA9910953673303321
Titolo	Adverse effects of hormonal contraceptives : myth and reality / / Rosa Sabatini, editor
Pubbl/distr/stampa	New York, : Nova Science Publishers, c2009
ISBN	1-60876-492-3
Edizione	[1st ed.]
Descrizione fisica	1 online resource (153 p.)
Altri autori (Persone)	SabatiniRosa
Disciplina	618.18
Soggetti	Contraceptive drugs - Side effects Oral contraceptives - Side effects
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- Adverse Effects of Hormonal Contraceptives: Myth and Reality -- Contents -- Introduction -- References -- Part I, Severe Adverse Effects -- Myocardial Infarction -- Stroke -- Arterial Accidents -- Venous Thromboembolism -- Blood Hypertension -- References -- Part II, Other Effects -- Angioedema -- References -- Peliosis Hepatis -- References -- Severe Adverse Ocular Reactions -- References -- Vasculitis -- References -- Part III, Cancer Risks -- Neoplastic Risk of Hormonal Contraception -- Breast Cancer Risk -- Ovarian Cancer Risk -- Endometrial Cancer Risk -- Cervical Cancer Risk -- Colorectal Cancer Risk -- Skin Cancer Risk -- Liver Cancer Risk -- Other Cancer Risks -- References -- Hazardous Prescription -- References -- Hormonal Contraception in Female Transplant Recipients -- References -- Hormonal Contraception in Female Heart Transplant Recipients -- References -- Contraception in Women HIV Infected -- References -- Part IV, Moderate Adverse Effects -- Moderate Adverse Effects Hepatobiliary Complications -- References -- Adverse Effects on Carbohydrate and Lipid Metabolism -- References -- Headache -- References -- Dermatological Adverse Effects -- References -- Part V, Mild Adverse Effects -- References -- Irregular Bleeding Pattern -- References -- Ovarian Cysts -- References -- Depression -- References -- Low Libido -- References -- Vaginal Infections -- References -- New Perspectives on Immunocontraception -- References -- Progesterone Receptor Modulators (PMRS) and

Sommario/riassunto

Hormonal contraception has been an available method of birth control for over four decades. Despite this, women's knowledge often moves between myth and reality, and never has another medical finding aroused over similar controversial opinions. This title presents an in-depth look at this subject.
