

1. Record Nr.	UNINA9910777420803321
Titolo	Evaluation of the electrometallurgical approach for treatment of excess weapons plutonium [[electronic resource] /] / Committee on Electrometallurgical Techniques for DOE Spent Fuel Treatment ... [et. al.]
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, 1996
Descrizione fisica	1 online resource (71 p.)
Disciplina	621.78335
Soggetti	Electrometallurgy Radioactive waste disposal - Management
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.

Edizione	[5th ed.]
Descrizione fisica	xvi, 1052 p
Altri autori (Persone)	GregoryDerek <1951->
Disciplina	304.203
Soggetti	Geography Human geography
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	THE DICTIONARY OF HUMAN GEOGRAPHY 'Even better than before, the Dictionary is an essential tool for all human geographers and over the years has provided an invaluable guide to the changing boundaries and content of the discipline. No-one can afford to be without this fifth edition.' Linda McDowell, University of Oxford 'From explanations of core concepts and central debates to lucid discussions of the theories driving contemporary research, this is the best conceptual map to the creative and critical thinking that characterises contemporary human geography. The fifth edition belongs on the bookshelf of all serious students.' Gerard Toal, Virginia Tech 'With an exceptional balance

between breadth and depth, this is undoubtedly a timely and ground-breaking revision of the Dictionary. An outstanding accomplishment of the editors and contributors, and a comprehensive and essential reference for any student or scholar interested in human geography.' Mei-Po Kwan, Ohio State University 'I can't imagine life without it. Definitive, detailed yet accessible: there's still no single-volume reference work in the field to rival it.' Noel Castree, University of Manchester The Dictionary of Human Geography represents the definitive guide to issues and ideas, methods and theories in human geography. Now in its fifth edition, this ground-breaking text has been comprehensively revised to reflect the changing nature and practice of human geography and its rapidly developing connections with other fields. The major entries not only describe the development of concepts, contributions and debates in human geography, but also advance them. Shorter, definitional entries allow quick reference and coverage of the wider subject area. Changes to the fifth edition include entries from many new contributors at the forefront of developments in the field, and over 300 key terms appearing for the first time. It features a new consolidated bibliography along with a detailed index and systematic cross-referencing of headwords. The Dictionary of Human Geography continues to be the one guidebook no student, instructor or researcher in the field can afford to be without.

Livello bibliografico	Monografia
Note generali	"First published in 2000 by Kegan Paul International"--T.p. verso.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	pt. 1. Speculative contemplation -- pt. 2. Practical the contemplative and active lives.
Sommario/riassunto	A renewed interest in the spiritual, with an increasing number of people today wishing to incorporate the contemplative in their active lives, prompts the reissue of this classic work, a doctrine that is at once elevated and practical. The writings are meant to be studied from three distinct points of view: religious philosophy, material for the study of those states between mind and body such as ecstasy and trance, and for the sake of their mysticism. Drawn from the writings and teachings of Saint Augustine, Saint Gregory and Saint Bernard, the writings form a coordinated body of doctrine
