Sommario/riassunto	Between Indigenous and Settler Governance addresses the history, current development and future of Indigenous self-governance in four settler-colonial nations: Australia, Canada, New Zealand and the United States. Bringing together emerging scholars and leaders in the field of indigenous law and legal history, this collection offers a long-term view of the legal, political and administrative relationships between Indigenous collectivities and nation-states. Placing historical contingency and complexity at the center of analysis, the papers collected here examine in detail the process by whi
