Sommario/riassunto	A groundbreaking book that seeks to understand dance as labor, Sweating Saris examines dancers not just as aesthetic bodies but as transnational migrant workers and wage earners who negotiate citizenship and gender issues. Srinivasan merges ethnography, history, critical race theory, performance and post-colonial studies among other disciplines to investigate the embodied experience of Indian dance. The dancers' sweat stained and soaked saris, the aching limbs are emblematic of global circulations of labor, bodies, capital,

and industrial goods.

2. Record Nr.	UNINA9910955115903321

Sommario/riassunto

The Oxford Handbook of Banking provides an overview and analysis of state-of-the-art research in banking written by leading researchers in the field. It strikes a balance between abstract theory, empirical analysis, and practitioner and policy-related material.
