Sommario/riassunto

This volume contains selected papers from the 5th ICLC, Amsterdam 1997. The papers present cognitive analyses of a variety of constructions (phrasal verbs, prepositional phrases, transitivity, accusative versus dative objects, possessives, gerunds, passives, causatives, conditionals), in a variety of languages (English, German, Dutch, Polish, Greek, Hebrew, Japanese, Thai, Fijian). Besides analyses of 'objective construal', the volume reflects the increasing interest in subjectivity (grounding and speaker involvement). It also includes, lastly, contributions on the acquisition and agrammatic I
