Sommario/riassunto

Based on fieldwork largely collected during the CPA interim period by
Sudanese and European researchers, this volume sheds light on the
dynamics of change and the relationship between microscale and
macroscale processes which took place in Sudan between the 1980s
and the independence of South Sudan in 2011. Contributors' various
disciplinary approaches-socio-anthropological, geographical, political,
historical, linguistic-focus on the general issue of "access to
resources." The book analyzes major transformations which affected
Sudan in the framework of globalization, including land and urb
