

1. Record Nr.	UNINA9910954311803321
Autore	Hakansson Sigurd <1928->
Titolo	Weeds and weed management on arable land : an ecological approach / / Sigurd Håkansson
Pubbl/distr/stampa	Wallingford, Oxon, UK ; ; Cambridge, MA, : CABI Pub., c2003
ISBN	1-280-83372-6 9786610833726 0-85199-800-3
Edizione	[1st ed.]
Descrizione fisica	1 online resource (288 p.)
Disciplina	632/.5
Soggetti	Weeds - Control - Sweden Weeds - Control Weeds - Ecology - Sweden Weeds - Ecology Weeds - Sweden Weeds
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 248-268) and indexes.
Nota di contenuto	Contents; Preface; 1 Introduction; 2 Classification of Plants Based on Traits of Ecological Significance; 3 Annual and Perennial Crops; 4 Weed Communities Looked Upon as Early Stages in Secondary Vegetation Succession; 5 Weeds with Diverse Life Forms in Various Types of Crops; 6 Germination, Emergence and Establishment of Crop and Weed Plants; 7 Competition in Plant Stands of Short Duration; 8 Weed Flora and Plant Adaptation to Environment and Competitive Conditions; 9 Measurements of Competition and Competitiveness in Plant Stands of Short Duration; 10 Soil Tillage Effects on Weeds 11 Chemical Weed Control as an Element in the Cropping System 12 Special Management Measures; 13 Important Points for Understanding the Occurrence and Rational Management of Weeds; References; Species Index; Subject Index
Sommario/riassunto	A guide to dealing with the appearance and management of plants with different traits that occur as weeds on arable land. It describes and discusses matters and relationships that are important as a basis for

understanding the varying occurrence of weeds in different crops and cropping systems.
