Edizione	[Concise pbk. ed.]
Descrizione fisica	1 online resource (xvii, 534 p.)
Altri autori (Persone)	SealeClive GoboGiampietro GubriumJaber F SilvermanDavid <1943->
Disciplina	300.72
Soggetti	Qualitative research Social sciences - Research Social sciences - Methodology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Originally published: 2004.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Introduction: Inside Qualitative Research -- Part 1: Encountering Method -- Chapter 1 - Interviews -- Chapter 2 - Oral history -- Chapter 3 - Biographical research -- Chapter 4 - Focus groups -- Chapter 5 - Grounded theory -- Part 2 - Analytic Frameworks -- Chapter 6 - Narrative research -- Chapter 7 - Feminist approaches -- Chapter 8 - The Foucaultian framework -- Chapter 9 - Ethnomethodology -- Chapter 10 - Conversation analysis -- Chapter 11 - Discourse analytic practice -- Chapter 12 - Critical discourse analysis -- Part 3: Field Relations -- Chapter 13 - Ethnography and

participant observation -- Chapter 14 - Ethical issues -- Chapter 15 - Working in hostile environments -- Chapter 16 - Politics, research and understanding -- Part 4: Context and Method -- Chapter 17 - Context: working it up, down, and across -- Chapter 18 - Working qualitatively and quantitatively -- Chapter 19 - Secondary analysis of archived data -- Chapter 20 - Renanalysis of previously collected material -- Chapter 21 - The Internet as research context -- Chapter 22 - Documents -- Chapter 23 - Visual methods -- Part 5: Quality and Credibility -- Chapter 24 - Quality in qualitative research -- Chapter 25 - Five misunderstandings about case-study research -- Chapter 26 - Sampling, representativeness and generalizability -- Chapter 27 - Working with 'key incidents' -- Chapter 28 - Computer-assisted qualitative data analysis -- Part 6: Audiences, Applications and the International Context -- Chapter 29 - Qualitative evaluation research -- Chapter 30 - Action research -- Chapter 31 - Publishing qualitative manuscripts: lessons learned -- Chapter 32 - The globalization of qualitative research -- Index.

Sommario/riassunto

This concise paperback edition of the best selling handbook, *Qualitative Research Practice*, is particularly aimed at the student reader. The chapters are written by leading, internationally distinguished qualitative researchers who recount and reflect on their own research experiences as well as others, past and present, from whom they have learned. It demonstrates the benefits of using particular methods from the viewpoint of real-life experience. This is also a good philosophy for students to adopt in planning research work: to begin from a practical conception of the research process and to treat a book like this as an opportunity to learn a valuable craft. From the outside, good research seems to be produced through practitioners learning and following standard theoretical, empirical and procedural formats. But from the inside we learn that qualitative research (like other forms of scientific endeavour) is also a biographical engagement, rendering its scholarly and practical contributions in its own terms. Standards take on practical meaning as the distinct activities of qualitative research resonate throughout the enterprise, complicating its accountability to itself and to others. In an authoritative yet accessible manner, *Qualitative Research Practice* reveals the special features of this engagement, teaching us that qualitative research is as much a craft and practice as it is a way of knowing. Presenting a comprehensive examination of contemporary and traditional varieties of qualitative research practice, *Qualitative Research Practice* will be an invaluable resource for advanced students and researchers in any discipline. It is an essential and definitive guide to the major forms of qualitative methods in use today, written by leaders in the relevant fields of research practice.
