Nota di contenuto	pt. 1. Methods and theories -- pt. 2. Special topics -- pt. 3. Criminology and criminal justice in context.
Sommario/riassunto	The Routledge Handbook of International Criminology brings together the latest thinking and findings from a diverse group of both senior and promising young scholars from around the globe. This collaborative project articulates a new way of thinking about criminology that extends existing perspectives in understanding crime and social control across borders, jurisdictions, and cultures, and facilitates the development of an overarching framework that is truly international. The book is divided into three parts, in which three distinct yet overlapping types of crime are analyzed.

Sommario/riassunto	At the heart of the European debate lies the tension between the idea of European unity and individual state identities and nationalisms. This volume provides an insight into this dichotomy by exploring the role of heritage in the new Europe. The main theme of this book is that a number of possible heritages can be shaped from the European past depending on the purposes for which they are intended. Through different methods of management intervention, heritage can fulfil a variety of functions, becoming a major commercial resource in the form of the tourism industry, or enlisted in th
