Sommario/riassunto	This is an insightful study of spatial planning and housing strategy in London, focusing on the period 2000-2008 and the Mayoralty of Ken Livingstone. Duncan Bowie presents a detailed analysis of the development of Livingstone's policies and their consequences.

Examining the theory and practice of spatial planning at a metropolitan level, Bowie examines the relationships between: planning, the residential development market and affordable housing environmental, economic and equity objectives national, regional and local planning agencies and their policies.<
