Sommario/riassunto	This book provides specific guidance for architects, planners, and housing managers on designing to deter crime. While every estate and neighbourhood has different problems which require unique solutions, the process which leads to the solutions will be the same. This book provides specific guidance for architects, planners, and housing managers on designing to deter crime. While every estate and neighbourhood has different problems which require unique solutions, the process which leads to the solutions will be the same. The first three chapters review the various theories of crim
