Sommario/riassunto	This book describes the fifteen strategies identified through research reviewed by The National Dropout Prevention Center and Network at Clemson University. Each chapter in this book was written by a nationally recognized authority in that field. Research has shown that these 15 strategies have been successfully implemented in all school levels from K - 12 in rural, suburban, and urban centers; as stand-alone programs or as part of systemic school improvement plans. Helping Students Graduate: A Strategic Approach to Dropout Prevention also covers No Child Left Behind and its effects on dropout
