

1. Record Nr.	UNINA9910954788303321
Titolo	Hunter-gatherer behavior : human response during the Younger Dryas // edited by Metin I. Eren
Pubbl/distr/stampa	London ; ; New York : , : Routledge, , 2016
ISBN	1-315-42711-7 1-315-42713-3 1-61132-786-5
Edizione	[1st ed.]
Descrizione fisica	1 online resource (283 p.)
Altri autori (Persone)	ErenMetin I. <1982->
Disciplina	306.3/64
Soggetti	Hunting and gathering societies Human beings - Effect of climate on Paleoclimatology - Quaternary Climatic changes - History
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"First published 2012 by Left Coast Press, Inc."--t.p. verso.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Contents; List of Illustrations; 1. On Younger Dryas Climate Change as a Causal Determinate of Prehistoric Hunter-Gatherer Culture Change - Metin I. Eren; 2. Climate, Technology, and Society during the Terminal Pleistocene Period in South America - Tom D. Dillehay; 3. The Human Colonization of the High Andes and Southern South America during the Cold Pulses of the Late Pleistocene - Luis Alberto Borrero 4. Kelp Forests, Coastal Migrations, and the Younger Dryas: Late Pleistocene and Earliest Holocene Human Settlement, Subsistence, and Ecology on California's Channel Islands - Torben C. Rick and Jon M. Erlandson5. Evaluating the Effect of the Younger Dryas on Human Population Histories in the Southeastern United States - Scott C. Meeks and David G. Anderson; 6. Hunter-Gatherer Adaptations of the Central Plains and Rocky Mountains of Western North America - Jason M. LaBelle; 7. Coping with the Younger Dryas in the Heart of Europe - Michael Jochim 8. Europe in the Younger Dryas: Animal Resources, Settlement, and Funerary Behavior - Stella M. Blockley and Clive S. Gamble9. The Younger Dryas and Hunter-Gatherer Transitions to Food Production in

the Near East - Cheryl A. Makarewicz; 10. The Younger Dryas in Arid Northeast Asia - Joshua Wright and Lisa Janz; 11. Looking for the Younger Dryas - David J. Meltzer and Ofer Bar-Yosef; Index; About the Authors

Sommario/riassunto

A major global climate event called the Younger Dryas dramatically affected local environments and human populations at the end of the Pleistocene. This volume is the first book in fifteen years to comprehensively address key questions regarding the extent of this event and how hunter-gatherer populations adapted behaviorally and technologically in the face of major climatic change. An integrated set of theoretical articles and important case studies, written by well-known archaeologists, provide an excellent reference for researchers studying the end of the Pleistocene, as well as those
