the museum of childhood / Gladir da Silva Cabral, Celdon Fritzen, and
Maria Isabel Leite.

Sommario/riassunto

Imagination is the Source of Creativity and Invention This series of essays has been collected expressly to bring readers new ideas about imagination and creativity in education that will both stimulate discussion and debate and also contribute practical ideas for how to infuse our daily classrooms with imaginative activities. In a world that values creative innovation, it is distressing that our schools are dominated by an educational paradigm that pays too little attention to engaging the i...
