## Whither Nationalism and Sovereignty?

---

### Sommario/riassunto

"These essays by Brian Meeks, a noted public intellectual in the Caribbean, reflect on Caribbean politics, particularly radical politics and ideologies in the postcolonial era. But his essays also explain the peculiarities of the contemporary neo-liberal period while searching for pathways beyond the current plight. In the first chapters, titled 'Theoretical Forays,' Meeks makes a conscious attempt to engage with contemporary Caribbean political thought at a moment of flux and search for a relevant theoretical language and style to both explicate the Caribbean's recent past and confront the difficult conditions of the early twenty-first century. The next part, 'Caribbean Questions,' both retrospective and biographical, retraces the author's own engagement with the University of the West Indies (UWI), the short-lived but influential Caribbean Black Power movement, the work of seminal Trinidadian thinker and activist Lloyd Best, Cuba's relationship with Jamaica, and the crisis and collapse of the Grenadian Revolution. As evident in its title, 'Jamaican Journeys,' the concluding section excerpts and extracts from a longer, more sustained engagement with Jamaican politics and society. Much of Meeks' argument builds around the notion that Jamaica faces a crucial moment, as the author seeks to chart and explain its convoluted political path and dismal economic performance over the past three decades. Meeks remains surprisingly optimistic as he suggests that despite the emptying of sovereignty in the increasingly globalized world, windows to enhanced human development might open through policies of greater democracy and popular inclusion"--

2. Record Nr.	UNINA9910955046103321
Autore	Simplicius, of Cilicia
Titolo	On Aristotle Physics 1.3-4 / Simplicius ; translated by Pamela Huby and C.C.W. Taylor
Pubbl/distr/stampa	London, : Bristol Classical Press, 2011
ISBN	9781472552303 147255230X 9781472515315 1472515315
Edizione	[1st ed.]
Descrizione fisica	1 online resource (158 p.)
Collana	Ancient commentators on Aristotle
Disciplina	530.11 530
Soggetti	Science, Ancient Physics - Early works to 1800 Motion - Early works to 1800 Knowledge, Theory of - Early works to 1800
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"Paperback edition first published 2014"--T. p. verso.
Nota di bibliografia	Includes bibliographical references and indexes
Nota di contenuto	Conventions -- Abbreviations -- Textual Emendations -- Introduction -- Translation -- 1.3 15 -- 1.4 58 -- Notes -- Bibliography -- English-Greek Glossary -- Greek-English Index -- Subject Index -- Index of Passages
Sommario/riassunto	"In this volume Simplicius is dealing with Aristotle's account of the Presocratics, and for many of them he is our chief or even sole authority. He quotes at length from Melissus, Parmenides and Zeno, sometimes from their original works but also from later writers from Plato onwards, drawing particularly on Alexander's lost commentary on Aristotle's Physics and on Porphyry. Much of his approach is just scholarly, but in places he reveals his Neoplatonist affiliation and attempts to show the basic agreement among his predecessors in spite of their apparent differences. This is in the Ancient Commentators on Aristotle series - a pathbreaking enterprise which for the first time translates the commentaries of the Neoplatonic commentators on the works of Aristotle into English."--Bloomsbury Publishing

In this volume Simplicius deals with Aristotle's account of the Presocratics, and for many of them he is our chief or even sole authority. He quotes at length from Melissus, Parmenides and Zeno, sometimes from their original works but also from later writers from Plato onwards, drawing particularly on Alexander's lost commentary on Aristotle's Physics and on Porphyry. Much of his approach is just scholarly, but in places he reveals his Neoplatonist affiliation and attempts to show the basic agreement among his predecessors in spite of their apparent differences. This volume, part of the groundbreaking Ancient Commentators on Aristotle series, translates into English for the first time Simplicius' commentary, and includes a detailed introduction, extensive explanatory notes and a bibliography.
