Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Beginnings -- The bell becomes an icon -- On the road with the bell -- The Liberty Bell in war and peace -- Everyone's Liberty Bell.
Sommario/riassunto	Each year, more than two million visitors line up near Philadelphia's Independence Hall and wait to gaze upon a flawed mass of metal forged more than two and a half centuries ago. Since its original casting in England in 1751, the Liberty Bell has survived a precarious journey on the road to becoming a symbol of the American identity, and in this masterful work, Gary B. Nash reveals how and why this voiceless bell continues to speak such volumes about our nation. A serious cultural history rooted in detailed research, Nash's book explores the impetus behind the bell's creation, as well as its evolutions in meaning through successive generations. With attention to Pennsylvania's Quaker roots, he analyzes the biblical passage from Leviticus that provided the bell's inscription and the valiant efforts of Philadelphia's unheralded brass founders who attempted to recast the bell after it cracked upon delivery from London's venerable Whitechapel Foundry. Nash fills in much-needed context surrounding the bell's role in announcing the Declaration of Independence and recounts the lesser-known histories of its seven later trips around the nation, when it served as a reminder of America's indomitable spirit in times of conflict. Drawing upon fascinating primary source documents, Nash's book continues a remarkable dialogue about a symbol of American patriotism second only in importance to the Stars and Stripes.
