Sommario/riassunto	Can we imagine a future in which physical education in schools no longer exists? In this controversial and powerful meditation on physical education, David Kirk argues that a number of different futures are possible. Kirk argues that multi-activity, sport-based forms of physical education have been dominant in schools since the mid-twentieth century and that they have been highly resistant to change. The practice of physical education has focused on the transmission of de-contextualised sport-techniques to large classes of children who possess a range of interests and abilities
