Sommario/riassunto

A legendary professor at Louisiana State University, T. Harry Williams not only produced such acclaimed works as *Lincoln and the Radicals*, *Lincoln and His Generals*, and a biography of Huey Long that won both the Pulitzer Prize and the National Book Award, but he also mentored generations of students who became distinguished historians in their own right. In this collection, ten of those former students, along with one author greatly inspired by Williams's example, offer incisive essays that honor both Williams and his career-long dedication to sound, imaginative scholarship
