This illustrated volume presents a wide variety of themes from the historical and modern periods of Bhutan, illustrating change and adaptation to new realities. Topics covered include the exploration of early history, Buddhism and the lives of Bhutanese Buddhist saints, the changing role of local, non-Buddhist religious practitioners in today's society, traditional law and the emergence of a modern legal system, and the seasonal celebrations of an aristocratic family from central Bhutan. The book will be of special interest to students of early Tibetan history, legal history, comparative sociology and cultural anthropology of the Himalayan regions.
