

1. Record Nr.	UNINA9910955982703321
Autore	Lindsay Brendan C
Titolo	Murder state : California's native American genocide, 1846-1873 / / Brendan C. Lindsay
Pubbl/distr/stampa	Lincoln, : University of Nebraska Press, c2012
ISBN	9786613664754 9780803240216 080324021X 9781280687815 1280687819
Descrizione fisica	1 online resource (455 p.)
Disciplina	979.4/04
Soggetti	Indians of North America - California - History - 19th century Indians of North America - Crimes against - California Indians of North America - California - Government relations Genocide - California - History - 19th century California Race relations California History 19th century
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [361]-425) and index.
Nota di contenuto	Cover; Title Page; Copyright Page; Contents; List of Tables; Preface; Acknowledgments; Introduction: Defining Genocide; Part 1. Imagining Genocide; Introduction; 1. The Core Values of Genocide; 2. Emigrant Guides; 3. The Overland Trail Experience; Part 2. Perpetrating Genocide; Introduction; 4. The Economics of Genocide in Southern California; 5. Democratic Death Squads of Northern California; Part 3. Supporting Genocide; Introduction; 6. The Murder State; 7. Federal Bystanders to and Agents of Genocide; 8. Advertising Genocide; Conclusion: At a Crossroads in the Genocide Epilogue: Forgetting and Remembering GenocideNotes; Bibliography; Index
Sommario/riassunto	In the second half of the nineteenth century, the Euro-American citizenry of California carried out mass genocide against the Native

population of their state, using the processes and mechanisms of democracy to secure land and resources for themselves and their private interests. The murder, rape, and enslavement of thousands of Native people were legitimized by notions of democracy-in this case mob rule-through a discreetly organized and brutally effective series of petitions, referenda, town hall meetings, and votes at every level of California government.Murder State<

2. Record Nr.	UNINA9910887806003321
Titolo	Non-invasive Prenatal Screening (NIPS) in Clinical Practice / / edited by Riyaz Ahmad Rather, Subhas Chandra Saha
Pubbl/distr/stampa	Singapore : , : Springer Nature Singapore : , : Imprint : Springer, , 2024
ISBN	981-9764-02-5
Edizione	[1st ed. 2024.]
Descrizione fisica	1 online resource (286 pages)
Disciplina	618.1
Soggetti	Gynecology Reproductive health Medical genetics Developmental genetics Reproductive Medicine Clinical Genetics Developmental Genetics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Chapter 1 Evolution of Non-invasive Prenatal Screening (NIPS) Past to Present -- Chapter 2 Fetal origin circulating cell-free nucleic acids (cfNA) in maternal circulation and their clinical importance in fetal diagnosis -- Chapter 3 Cell-free fetal DNA (cffDNA): Genesis to clinical utility -- Chapter 4 Methods and protocols for extraction of cell-free fetal DNA (cffDNA) from the maternal circulation -- Chapter 5 Scope of cell- versus cell-free –based detection approach in Non-invasive Prenatal Screening (NIPS) -- Chapter 6 Advanced genomic approaches

in Non-invasive Prenatal Screening (NIPS) The road from conventional Karyotyping to Next-Gen Sequencing (NGS) -- Chapter 7 Proteomic biomarkers of maternal plasma and their use in Non-invasive Prenatal Testing (NIPT) -- Chapter 8 Non-invasive Prenatal Screening (NIPS) of chromosomal abnormalities -- Chapter 9 Non-invasive Prenatal Detection (NIPD) of fetal sex and RhD blood type -- Chapter 10 Detection of monogenic disorders using Non-invasive Prenatal Screening (NIPS) -- Chapter 11 Screening of Placental dysfunction utilizing cell-free nucleic acids (cfNA) of maternal plasma -- Chapter 12 Non-invasive Prenatal Detection (NIPD) of Copy number variation (CNV) and sub-chromosomal variations -- Chapter 13 Circulation transcriptome of maternal plasma and its use in Non-invasive Prenatal Screening (NIPS) -- Chapter 14 Challenges and ethical issues surrounding Non-invasive Prenatal Screening (NIPS) -- Chapter 15 Implementation of Non-invasive Prenatal Screening (NIPS) in clinical practice: Comparison of developed versus developing countries -- Chapter 16 Sequencing: A promising path in the detection of fetal health.

Sommario/riassunto

The book provides a comprehensive overview of the use of non-invasive prenatal screening (NIPS) in clinical practice. It covers advanced genomic approaches and operational strategies related to NIPS. It aims to fill a gap by offering a thorough historical background and genesis of NIPS technology, including its methodology, clinical utility, challenges, and future directions. The book is divided into three sections: Section I discusses the advent of NIPS, Section II addresses detection strategies and clinical implementation, and Section III explores the challenges and prospects of NIPS technology. The book benefits specialists who practice prenatal medicine as well as reproductive specialists, genetic counselors, research scholars and postgraduate medical students of obstetrics and gynecology.
