Smokestacks on the Plains -- 7. South by Southwest -- 8. HardTimes -- 9. Reduction in the Age of ASARCO -- 10. "Groping in the Dark."
Sommario/riassunto	This comprehensive treatment of the smelting industry of Colorado, originally published in 1979, is now back in print with a new preface by the author. Packed with fascinating statistics and mining data, Ores to Metals details the people, technologies, and business decisions that have shaped the smelting industry in the Rockies. Although mining holds more of the glamour for those in and interested in the minerals industry, smelters have continuously played a critical role in the industry's evolution since their introduction in Colorado in the 1860's. At that time, miners desperately needed
