Nota di contenuto	Public-private partnerships in highway and transit infrastructure provision / William J. Mallett -- Highway public-private partnerships. More rigorous up-front analysis could better secure potential benefits and protect the public interest / U.S. Government Accountability Office -- Highway public-private partnerships. Securing potential benefits and protecting the public interest could result from more rigorous up-front analysis / JayEtta Z. Hecker.
Sommario/riassunto	Growing demands on the transportation system and constraints on public resources have led to calls for more private sector involvement in the provision of highway and transit infrastructure through what are known as 'public-private partnerships' (PPPs). This book describes the wide variety of public-private partnerships in highways and transit.
