Sommario/riassunto

"This book presents the work of academics from the Global South and explores, from local and regional settings, how the legal order and people's perception of it translates into an understanding of what constitutes 'criminal' behaviours or activities. It aims to make an important contribution in the development of Southern Criminology"--

Sommario/riassunto

There has been much public praise for the Bill and Melinda Gates Foundation's efforts to reform public education. However, few scholars have engaged substantively and critically with the organization's work. While the Gates Foundation is the single largest supporter by far of ""choice"" initiatives particularly with regard to charter school formation, it is pushing public school privatization through a wide array of initiatives and in conjunction with a number of other foundations. What are the implications for a public system as control over educational policy and priority is concentrated
